

Abivax publishes a prospectus in the context of its capital increase

February 23, 2023

PARIS, FRANCE, February 23, 2023 – 8:00 p.m. (CET) – Abivax (Euronext Paris: FR0012333284 – ABVX) (the “**Company**”), a Phase 3 clinical-stage biotechnology company focused on developing therapeutics that modulate the immune system to treat patients with chronic inflammatory diseases, today announces the availability of a second amendment to its 2022 Universal Registration Document filed with the French Autorité des marchés financiers (“AMF”) on April 28, 2022 under number D.22-0372 and of a listing prospectus approved by the AMF under number 23-052 on February 23, 2023, in the context of its reserved capital increase of EUR 130M (the “**Capital Increase**”).

The prospectus is composed of:

- the 2022 Universal Registration Document filed with the AMF on April 28, 2022, under number 22-0372;
- the amendment of the 2022 Universal Registration Document filed with the AMF on September 2, 2022, under number 22-0372-A01;
- the amendment of the 2022 Universal Registration Document filed with the AMF on February 23, 2023, under number 22-0372-A02;
- a securities note (*note d’opération*); and
- the summary of the prospectus.

These documents are available on the websites of the Company (www.abivax.com) and the AMF (www.amf-france.org).

The Company draws the reader’s attention to the fact that its press release issued on February 22, 2023, relating to the Capital Increase included a clerical error on the calculation of the subscription price discount to the 15-day VWAP. The discount calculated based on the VWAP for the trading days between February 1, 2023, and February 21, 2023, (instead of February 6, 2023, to February 21, 2023) is equal to 6.26%, as indicated in the prospectus (instead of 5.05%, as indicated in the press release dated February 22, 2023).
